

Over 80% of
NJ children living
at or below the
poverty line are not
reading proficiently
by the fourth grade.

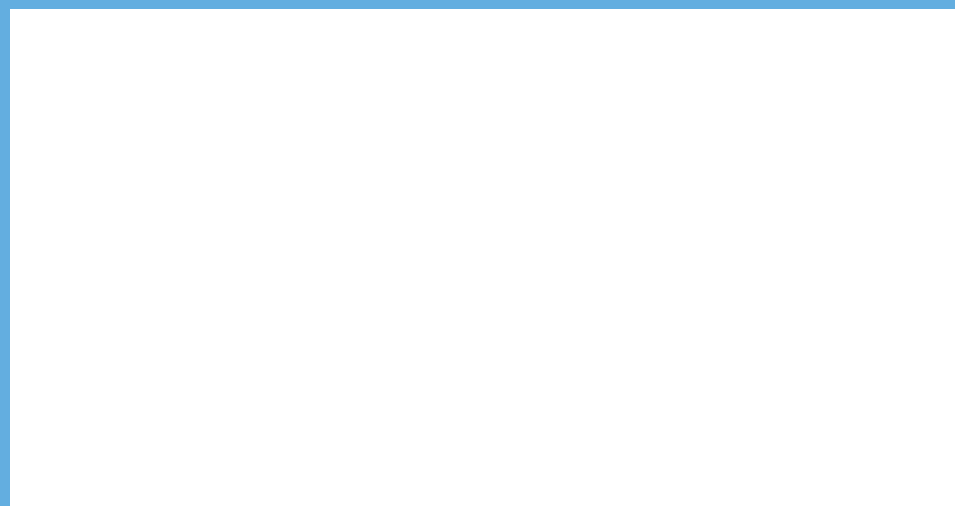

Annie E. Casey KIDS COUNT Data Center 2022

One of the biggest barriers in acquiring literacy skills is having meaningful access to books. **Bridge of Books** provides an ongoing source of books to underserved children throughout New Jersey in order to support the development of literacy skills and encourage a love of reading.

We have been providing books to children ages 0-18 in all 21 New Jersey counties for the last 20 years. There are still countless children across New Jersey who need access to books. Bridge of Books exists for these children.

Your support helps us make meaningful access to books a reality for more New Jersey children.
